

Dear Parent/Guardian of a Preschool or Childcare Student:

The State of Michigan requires children to be age-appropriately vaccinated to enroll in preschool or childcare programs, unless a valid exemption applies. The number of doses varies, depending on the child’s age. **Parents/Guardians must provide the preschool/childcare proof of the below vaccinations and/or valid exemptions*.**

- ✓ 1-4 doses DTap
- ✓ 1-3 doses Polio
- ✓ 1-3 doses Hepatitis B or laboratory evidence of immunity
- ✓ 0-1 doses MMR or laboratory evidence of immunity
- ✓ 0-1 doses Varicella or laboratory evidence of immunity
- ✓ 1-4 HIB
- ✓ 1-4 PCV13

The following resources are options to obtain the required vaccinations:

- Physician office: Contact your doctor’s office.
- Macomb County Health Department Immunization Clinics: Contact the location for hours and appointments. Appointments are preferred. Walk-ins accepted as time allows. For more information, please visit: <https://www.macombgov.org/departments/health-department/family-health-services/immunization-clinic>.

***Non-Medical Immunization Waiver:**

- Obtained for religious or other objection(s) to vaccine(s)
- Requires education and certification done in person at the Mount Clemens Health Department location, 43525 Elizabeth Rd., Mt. Clemens, MI 48043
- Call 586-466-6840 for an appointment
- Walk-ins are not accepted
- Issued electronically and entered into the student’s MCIR record, parents/guardians no longer required to submit a paper copy of this waiver to the preschool/childcare

***Medical Contraindication Waiver:**

- Can only be completed by a physician (MD/DO)
- States the medical reason that prevents the child from receiving a specific vaccine(s) for a specific time
- Once completed by a physician, must be turned into the preschool/childcare by the parent/guardian

This Medical Contraindication Waiver and more information can be found on the
Macomb County School Immunization website at:

<https://www.macombgov.org/departments/health-department/disease-control/school-immunization-program-sip>

Even with a valid exemption to a particular vaccination, a child is considered susceptible to that vaccine-preventable disease and is subject to exclusion from the school if an outbreak of the disease occurs.
