

Dear Parent/Guardian of a School-Aged Student:

The State of Michigan requires children to be age-appropriately vaccinated to enroll in school programs, unless a valid exemption applies. **Parents must provide the school with proof of the below vaccinations and/or valid exemptions*.**

The following vaccinations are required for children entering KD or a young five program:

- ✓ 5 doses DTap
- ✓ 4 doses Polio
- ✓ 3 doses Hepatitis B or laboratory evidence of immunity
- ✓ 2 doses MMR or laboratory evidence of immunity
- ✓ 2 doses Varicella or laboratory evidence of immunity

Students entering 7th grade are required to have the vaccines above, along with the following vaccinations (at the age of 11 years or after):

- ✓ 1 dose **ACWY** Meningococcal Conjugate
- ✓ 1 dose of Tdap

The following resources are options to obtain the required vaccinations:

- Physician office: Contact your doctor's office.
- Macomb County Health Department Immunization Clinics: Contact the location for hours and appointments. Appointments are preferred. Walk-ins accepted as time allows. ***Non-Medical Immunization Waiver:**

- Obtained for religious or other objection(s) to vaccine(s)
- Requires education and certification done in person at the Mount Clemens Health Department location, 43525 Elizabeth Rd., Mt. Clemens, MI 48043
- Call 586-466-6840 for an appointment
- Walk-ins are not accepted
- Issued electronically and entered into the student's MCIR record, parents/guardians no longer required to submit a paper copy of this waiver to the school

***Medical Contraindication Waiver:**

- Can only be completed by a physician (MD/DO)
- States the medical reason that prevents the child from receiving a specific vaccine(s) for a specific time
- Once completed by a physician, must be turned into the school by the parent/guardian

This Medical Contraindication Waiver and more information can be found on the Macomb County School Immunization website at:

<https://www.macombgov.org/departments/health-department/disease-control/school-immunization-program-sip>

Even with a valid exemption to a particular vaccination, a child is considered susceptible to that vaccine-preventable disease and is subject to exclusion from the school if an outbreak of the disease occurs.
