Mark F. Deldin Deputy County Executive

Chairman David Flynn and Macomb County Board of Commissioners One S. Main, 9th Floor Mt. Clemens, Ml. 48043

Re: Macomb County Budget for Fiscal Years Ended September 30 and December 31, 2016

As the County Executive, the Charter requires me to prepare and administer a comprehensive balanced budget in a manner which assures coordination among agencies. Section 8.6.1 of the Charter requires that the budget be transmitted at least 90 days before the next fiscal year begins and specifies the minimum content for the budget document. Since each of the agencies contained in the attached budget have fiscal years beginning on October 1 or January 1, the budget is being transmitted in accordance with the Charter.

We continue to use the enhanced budget format which has provided greater amounts of information and transparency to decision makers as well as the public. The document begins with a budget discussion and analysis highlighting the activity for each fund followed by a glossary that provides a description of budgeted fund names and line items. The budget summary and detail pages in this document present a three year forecast and a six-year trend comparison for revenues and expenditures. The narrative section of the budget includes a deeper analysis of personnel, fringe costs, and other information to further support the budget line items. It is worth noting that the budget has passed the scrutiny of bond rating agencies as well as our independent auditors. It also exceeds the requirements and recommendations of the Department of Treasury.

I am very proud of the fact that in a short period of time we have stabilized the County's fiscal condition and have positioned the County to overcome the future financial challenges coming our way. This marks my fifth budget submission, all of which have been balanced without the use of fund balance to support ongoing operations. I am committed to addressing the County's aging infrastructure and, thus, this budget includes the carefully planned utilization of fund balance to fund the County's five year Capital Plan. Furthermore, the County followed through on my commitment to preserving the well-being of our retiree healthcare plan by issuing bonds in the amount of \$263.5 million in March 2015 to fully fund the County's unfunded retiree health care liability. This budget provides funding for the debt service on those bonds. It is absolutely essential that we continue to provide fiscal stability to Macomb County government in order to maintain the critical services so many residents and businesses depend on.

In summary, the proposed budget exceeds all of the requirements of charter and law. It is a balanced budget without a structural deficit. This is an accomplishment that I am very proud of; however, it could not have been accomplished without the support and innovative approach taken by all of the Elected Officials, County Leaders, and Employees.

As always, should you have any questions, please do not hesitate to contact me.

Sincerely,

Mark A. Hackel

Macomb County Executive

NAUL A. FACKER

About This Document

The 2016 budget has been prepared with two goals in mind. One is to present to the public a document that outlines the services provided by the County, and the resources allocated to provide those services, in a transparent and easily understandable manner. The second is to present a financial plan that the departments and elected officials can use to meet their organizational goals and objectives. As such, the budget is meant to serve as a policy document, an operations guide, a financial plan and a communications device.

Profile of the County

Macomb County was incorporated in 1818 and includes an area of 482 square miles with the county seat located in the City of Mt. Clemens. The County operates under a Home Rule Charter that provides for both executive and legislative branches of government. The executive branch is directed by an elected County Executive, who serves as the Chief Administrative Officer of the County and directs the operations of all departments except the Sheriff, Prosecuting Attorney, Public Works, County Clerk/Register of Deeds, the Circuit and District Courts and the Board of Commissioners, which are all operated by separately elected officials. The legislative branch is directed by a 13 member elected Board of Commissioners. The County provides many services to residents, including law enforcement, administration of justice, community development and enrichment, parks and recreation and human services.

Macomb is the state's third most populous county. Geographically situated in Southeast Michigan, Macomb County is a thriving suburb of the City of Detroit. While located in the Great Lakes Region, the county is within 500-miles of one-half of the United States' population and most of Southwestern Ontario. Within just 250 miles are the cities of Chicago, Cleveland and Toronto. The county is linked to these important destinations by an extensive transportation network of highway, rail and air services. Macomb's southeastern boundary lies on the western shore of Lake St. Clair. This 430-square-mile lake links lakes Huron and Erie, providing access to the St. Lawrence Seaway, which is among the world's busiest international waterways.

With approximately 34,000 acres of industrial and institutional land, Macomb County is well positioned for growth. It is significant to note that the county has sufficient sewer and water capacity in place to serve all of its largely undeveloped northern reaches. Today, new development of full-service industrial parks, manufacturing plants, office centers, R & D facilities, retail centers and residential construction continue to expand the county's economic base. These locational advantages, coupled with the presence of a highly skilled labor force and a strong local economy all help to establish Macomb County as a location of choice for those businesses engaged in engineering, research and development and advanced manufacturing.

Profile of the County (concluded)

Macomb County's labor force is its most valued resource. From those with college degrees and high-tech training to skilled-trades-persons, Macomb's labor force of over 400,000 is smart and productive. The county has a rich tradition of manufacturing, and continues to be a major manufacturing center. However, a shift in the economy during the 1990s produced a significant increase in service sector employment. The percentage of county jobs in the manufacturing sector decreased from 35 percent in 1980 to nearly 20 percent in 2010, with the service sector now employing approximately 45 percent. Adding definition to Macomb's robust and diverse labor force is an agricultural heritage most evident in the northern portions of the county, where second-and-third-generation farmers maximize nature's wealth.

Higher education is a priority of Macomb County residents. This is directly reflected in the broad range of degree and technical certificate programs that are made available to them. Macomb Community College, with two campuses each in Warren and Clinton Township is the county's leading post-secondary educational institution. The nearly 48,000 students enrolled annually at the college have a choice of almost 200 options for securing degrees and certificates. The college also offers continuing education courses, career counseling, cultural activities and community services. The college also operates the 1,271-seat Macomb Center for the Performing Arts, which is one of the finest facilities of its kind in the state. The center brings a diversity of cultural arts experiences to nearly 260,000 patrons annually.

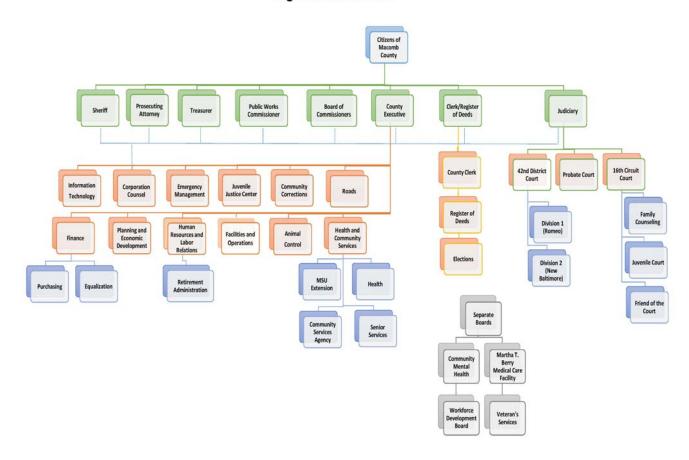

Health care services in Macomb County include five general hospitals with a capacity of over 1,400 beds to serve the area. Henry Ford Health System operates three Henry Ford Macomb hospitals within the county, in Clinton Township, Warren and Mount Clemens. They offer several "Centers of Excellence," including the Josephine Ford Cancer Center, and the Heart and Vascular Institute, which offers highly specialized robotic cardiac surgery. Mount Clemens Regional Medical Center, a subsidiary of McLaren Health Care, offers several well-regarded specialty centers within the hospital. Prominent among them are the Mat Gaberty Heart Center and the Ted B. Wahby Cancer Center, both of which offer comprehensive diagnostic and surgical services. St. John Providence Health System has established "Centers of Excellence" for a wide range of in-patient and out-patient services at St. John Macomb-Oakland Hospital in Warren. These include Behavioral Medicine Services, Cancer Care, Cardiology Services, Emergency Center, Physical Medicine and Rehabilitation Services, Surgical Services and Women's Health Services and the state-of-the-art Webber Cancer Center.

There are 17,000 acres of land in Macomb County devoted to outdoor recreation including picnic areas, hiking trails, fishing sites, beaches, and boating facilities. Approximately thirty-miles of shoreline along Lake St. Clair provide access to fun and sports on the waters of the Great Lakes. With approximately 57,000 registered pleasure craft and over 100 public and private marinas, Macomb County hails as the state's boating capital.

Organizational Structure of the County

As mentioned previously, the County Executive is responsible for administering the budget and overseeing the day to day operations of many functions throughout the County, including the Health Department, Department of Roads, Juvenile Justice Center and support departments such as Finance and Human Resources. In addition, several functions of the County fall under the responsibility of separately elected county-wide officials. These include the Board of Commissioners, Courts, County Clerk/Register of Deeds, Prosecuting Attorney, Public Works Commissioner, Sheriff and Treasurer. These are mostly statutory functions and each elected official is directly accountable to the residents of the County and is responsible for discharging their statutory functions in accordance with State laws and regulations, within the financial resources allocated to them by the Board of Commissioners. Neither the Board of Commissioners nor the County Executive has oversight responsibility over the operations of these elective offices. However, county-wide elected officials share a commitment to the commonly understood purpose of county government to provide responsive, efficient, transparent and ethical government services to the residents of Macomb County. An organizational chart of the County is presented below.

MACOMB COUNTY, MICHIGAN Organizational Chart

Fund Structure and Basis of Accounting

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses as appropriate. Government resources are allocated to and are accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The budgeted funds of the County are classified into two broad categories: governmental and enterprise. Budgets are prepared for the following fund types:

Governmental Funds

<u>General Fund</u> – The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in other funds.

<u>Special Revenue Funds</u> – Special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specific purposes.

<u>Debt Service Funds</u> – Debt service funds are used to account for the accumulation of resources for, and the payment of, principal, interest and related costs of general long-term debt not being accounted for in proprietary funds.

Proprietary Funds

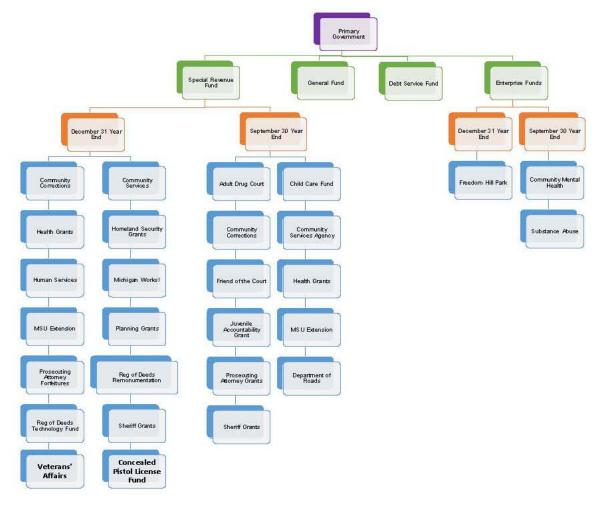

<u>Enterprise Funds</u> - Enterprise funds are used to account for the activities of the County's business-type activities. The operations of these funds are financed primarily through user fees that are intended to recover the cost of services provided.

Governmental funds are accounted for using the modified accrual basis of accounting. Revenues of governmental funds are recognized when they become both measurable and available. "Measurable" means that the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of year-end. Property taxes are recognized as revenue in the period for which they are levied. Federal grants, state distributions and grants and interest earned are recognized as revenue in the period they become both measurable and available. Licenses and permits, fines and forfeitures and other revenues are recorded when received in cash because they are generally not measurable until actually received. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, with the exception of principal and interest on general long-term debt, which is recognized when due.

Enterprise funds are accounted for using the full accrual basis of accounting, which is the same basis of accounting used in private industry. Revenues are recognized when they are earned and their expenses are recognized when they are incurred without regard to the receipt or payment of cash or its equivalent.

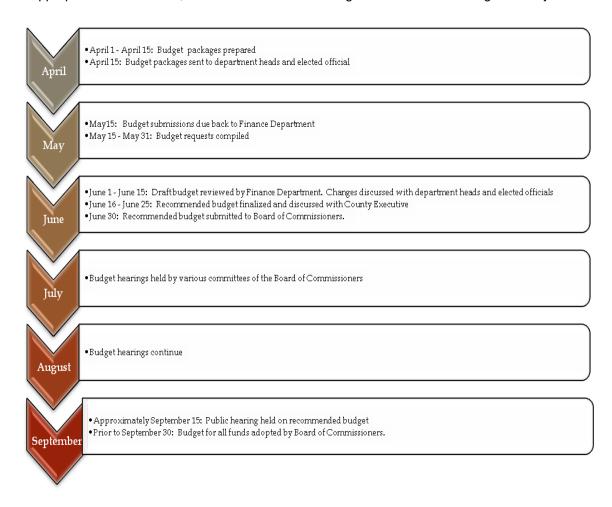

The Budget Process

The annual budget serves as the foundation for the County's financial planning and fiscal control for the upcoming year. The Appropriations Ordinance adopted by the Board of Commissioners represents the legal authorization for County agencies to procure goods and services. The County's budgetary practices and controls are governed by both County Charter and Public Act 2 of 1968, more commonly known as the Uniform Budgeting and Accounting Act. Each require that the budget be balanced, which means that budgeted appropriations cannot exceed the total of budgeted revenues and available fund balance reserves in any individual fund. The County Charter places responsibility for appropriating funds with the Board of Commissioners while placing responsibility for preparing and administering the budget with the County Executive. The Uniform Budgeting and Accounting Act requires local units of government in the State of Michigan to adopt annual budgets for the General Fund and Special Revenue Funds. The County Executive has elected to also prepare annual budgets for the Community Mental Health, Substance Abuse, and Freedom Hill Park Enterprise Funds since these funds were classified as Special Revenue Funds prior to the implementation of GASB Statement No. 34 in 2002, as well as the Debt Service Fund. A graphical representation of the funds for which annual budgets are prepared and submitted to the Board of Commissioners for adoption is presented below.

The Budget Process (concluded)

The majority of the funds and activities of the County are accounted for on a fiscal year that ends on December 31. The County is somewhat unique in that it also has certain Special Revenue and Enterprise funds that are accounted for on a fiscal year that ends on September 30. The County Charter requires the County Executive to submit a comprehensive balanced budget to the Board of Commissioners at least 90 days before the beginning of each fiscal year. Budget worksheets are distributed to department heads and elected officials approximately 180 days before the beginning of the fiscal year and returned to the Finance Department 4-6 weeks later. The information is compiled and a recommended budget is submitted to the Board of Commissioners no later than 90 days before the beginning of the upcoming budget year. The budget is discussed further over the next 45-60 days, including formal discussions with the Finance Committee during that time. A public hearing is held approximately two weeks before the first day of the new budget year and the final budget is voted on by the Board of Commissioners that same day. Appropriations approved by the Board of Commissioners are considered maximum spending authority and not a mandate to spend the entire amount appropriated. As a result, this allows for further savings to be achieved throughout the year.

Budget Amendments

The County Executive shall have authority to transfer funds as follows (i) from or to any line item within each of the budgetary centers in an amount up to \$100,000 or 10.0% of the budget in that budgetary center, whichever is less, and (ii) to or from any line item for internal service costs between the budgetary centers. Multiple related expenditures shall be aggregated and subject to the limitation of \$100,000 or 10.0%, whichever is less for the budget year. In addition, Budget amendments shall be required when the award amount of any Federal, State or private grant fund increases or decreases by \$35,000 or more. Budget amendments shall not be required when the award amount of any Federal, State or private grant increases or decreases by less than \$35,000. Budget amendments necessitated by changes in grant award amounts related to food and immunization programs are exempt from this clause and the County Executive shall have the authority to make such amendments as needed.

Financial Policies

<u>Fund Balance Policy</u> The Administration recognizes that fund balance is critical to long-term stability and has prided itself on maintaining a healthy level of fund balance in the General Fund and is committed to doing so into the future. Therefore, the following fund balance policy has been instituted by the Administration:

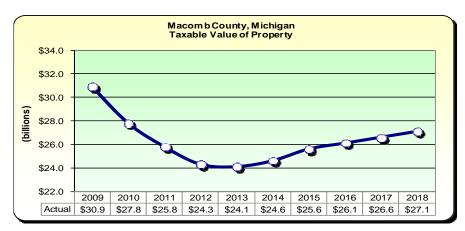

- ✓ A fund balance in the General Fund equal to at least 20% of budgeted General Fund expenditures shall be maintained in the General Fund.
- ✓ In the event that the fund balance of the General Fund falls below the 20% threshold after actual results are known for any given year, the County Executive shall be responsible for restoring it to the 20% level within the immediately following three budget cycles.

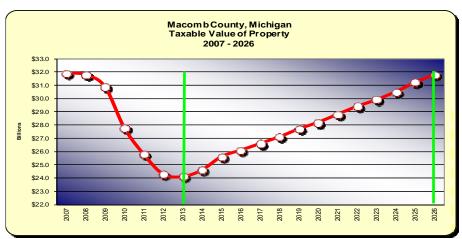

<u>Debt Policy</u> - State law mandates that outstanding general obligation debt may not exceed 10% of the assessed valuation of property in the County. Assessed valuation is equal to 50% of market value. The County Charter requires all new debt issues to be approved by the Board of Commissioners. The Administration further strives to prudently manage its debt through the following guidelines.

- ✓ Annual debt service requirements supported by the General Fund and related to debt issued for capital purposes shall not exceed 5% of General Fund expenditures in any given year.
- ✓ The length of new debt issues shall not exceed the useful life of the underlying capital assets.
- √ The length of a refinancing issue shall not exceed the remaining life of the original issue being refinanced.

Major Issues Affecting the Budget

Property Values - Property taxes are the primary source of revenue for the General Fund (55.7%). The County enjoyed healthy increases in taxable values of 6% per year, on average, from the mid 1990s through the mid 2000s. Taxable values began to stagnate in 2008 and declined 26.7% for the period 2008-2013 but have shown signs of recovery each of the last two years, with increases of 1.6% and 3.72% in 2014 and 2015, respectively. Taxable values are estimated to increase 2.0% in 2016, 2017 and 2018. Each 1% change in property values equates to approximately \$1.2 million in property tax revenue to the General Fund. The Board of Commissioners raised the County operating millage rate from 4.2 mills to the maximum allowed limit of 4.5685 mills in 2009 to combat the effects of declining property values. Unfortunately, due to the continuous declines in taxable values, the positive impact of the tax increase on the budget has been significantly reduced. However, the County has responded with strict financial controls to ensure that budgeted expenditures keep pace with property tax levies. Compounding the problem is a State law known as Proposal A, which was enacted in 1994 and places limits on the annual increase in taxable value. Prior to Proposal A, property was taxed on its State Equalized Value (SEV), which represents approximately 50% of market value. Proposal A created a new value called Taxable Value, which was set at the same amount as SEV at its inception. Under Proposal A, SEV increases at market rates while the growth in taxable value is limited to 5% or the rate of inflation, whichever is less. Assuming annual increases of 2% per year, the taxable values are not expected to return to 2007 levels until at least 2026, as indicated below.

Major Issues Affecting the Budget (continued)

<u>Fringe Benefits</u> The County offers its employees a generous package of fringe benefits, including health care and dental coverage when employed, health care in retirement and a defined benefit pension plan. Employer paid fringe benefits are approximately 63.0% of payroll and are budgeted at \$87.7 million in 2016. The County has enacted several changes to its benefit structure in the past several years to address increasing costs, including

- Increasing the vesting period for retiree health care from 8 to 15 years for employees hired on or after January 1, 2006
- Moved Medicare eligible retirees from a self insured plan to a premium based product in 2010
- > Employees hired on or after January 1, 2012 pay monthly premiums of \$100 to \$200 per month toward health care depending on coverage.
- > Eliminated retiree health care for spouses of employees hired on or after Janaury 1, 2012.
- Vesting period for pension benefits increased from 8 years to 15 years for employees hired on or after January 1, 2012.
- Retiree health care plan designs will be the same as those of employees for employees hired on or after January 1, 2012 and current employees that retire after November 1, 2013.
- > Effective January 1, 2016, new hires will no longer be eligible for retiree health care.
- > Effective January 1, 2016, new hires will be eligible to participate in a defined contribution pension plan.

In addition, Public Act 152 of 2011 became effective in 2012 and places annual ceilings on the amount of employee health care premiums paid by public sector employers and requires employees to pay any premium amounts in excess of the established ceilings. Failure to comply with the provisions of PA 152 subject public sector employers to reductions in State shared revenues. The ceilings imposed on employer-paid premiums by PA 152 in 2015 are as follows: \$5,992 for single coverage, \$12,532 for two-person coverage and \$16,343 for family coverage. These amounts are adjusted annually for inflation and increased 2.3% in 2015. An inflationary increase of 4% has been built in the 2016 budget for retiree health care. More information on the funding status of the pension and retiree health care plans is provided later in this document.

Until 2015, the County had not pre-funded its annual required contribution to the General County Retiree Health Care plan since 2003. The closure of the plan to new hires effective January 1, 2016 resulted in a reduction in the unfunded liability from \$549 million to approximately \$263 million. The County issued bonds in March 2015 to fully fund the liability. The General Fund and Delinquent Tax Revolving Fund also made one-time contributions of \$29 million and \$30 million, respectively, to prefund future normal costs.

<u>Capital Improvements</u> - Deteriorating infrastructure continues to be a major concern of the Administration. The budget for 2016 and the forecast for 2017 call for transfers from the General Fund to the Capital Improvement Fund of \$22 million and \$16 million, respectively. These transfers reflect the Administration's commitment to fully fund the five year capital plan.

Personnel Changes

A total of 5.8 new full time equivalents were added to the 2016 budget as indicated below.

The General Fund

The General Fund is the primary operating fund of the County. It is responsible for funding virtually all law enforcement and justice functions, including the Courts, Juvenile Justice, Sheriff, Prosecuting Attorney and support services such as Finance and Human Resources. The General Fund is also responsible for funding the majority of the operations of the County's other elected officials, including the County Executive, Clerk/Register of Deeds, Treasurer, Board of Commissioners and the Public Works Commissioner. As a result, it is the focal point of the budget. The 2016 General Fund budget totals \$226,263,322, a decrease of \$27,238,967 or 10.7% from fiscal 2015, which is due primarily to the \$59,000,000 contribution to fund the County's retiree health care obligation made in 2015, offset by the \$22,000,000 contribution to fund the five year capital plan, as discussed previously, and new debt service requirements of \$3,734,000 in connection with bonds issued in 2015 for the purpose of renovating various buildings in the County's central campus complex in downtown Mount Clemens. A summary of revenues by source and expenditures by function and category for fiscal 2016, 2017 and 2018 is presented below:

The General Fund (concluded)

<u>Fund Balance -</u> Preservation of fund balance is critical for the future. The County has prided itself on maintaining a healthy level of fund balance in its various operating funds. Industry guidelines recommend a fund balance of approximately 10% - 15% of annual expenditures in any given fund. The audited fund balance of the General Fund of \$85.2 million as of December 31, 2014 represented 45.6% of expenditures. The ratio is expected to decrease to approximately 24.6% by the end of fiscal 2015 and 22.4 % by the end of fiscal 2016 and slightly below 20% in 2017 and 2018. It is important to note that the utilization of fund balance in 2015, 2016 and 2017 is due to carefully planned one-time contributions to fund the County's Retiree Health Care obligation and its five year Capital Plan as discussed previously and is not a result of structural issues. A graphical representation of the level of fund balance as a percentage of expenditures for the last 10 years is presented below.

Special Revenue Funds

<u>Community Corrections</u> - The Community Corrections department administers programs that provide alternatives to incarceration. It receives approximately 50% of its support from Federal and State grants and 50% of its support from the General Fund and has a budget of \$131,760 for fiscal 2016. The General Fund contribution for 2016 is \$74,545, an increase of \$616 over 2015.

<u>Community Services Grants</u> - The Community Services Grant fund is funded almost entirely by Federal funds and receives no financial support from the General Fund. In addition, the Community Services Department is responsible for administering the Community Development Block Grant program. The budget for the year ending December 31, 2016 is \$8,901,386, an increase of \$2,314,724 from 2015.

Special Revenue Funds (continued)

<u>Health Grants –</u> This fund is supported entirely by State grants primarily for the purpose of administering a variety of water quality monitoring programs. The budget for 2016 is \$115,352, a decrease of \$117,938 from the amended 2015 budget.

<u>Homeland Security Grants</u> This fund is supported entirely by Federal grants for the purpose of purchasing emergency response equipment and creating emergency response plans for the County and local municipalities. The budget for 2016 is \$3,450,000, a decrease of \$145,589 from 2015.

<u>Human Services</u> - This fund is used to account for appropriations to local hospitals in connection with providing emergency room services to the uninsured population of the County. This program is referred to as Resident County Hospitalization. The appropriation for 2016 is \$200,000 and is supported by collections from those to whom services provided.

<u>Michigan Works!</u> This fund is supported entirely by State and Federal funds utilized for the purpose of integrating those facing barriers to employment into the labor force through training and employment support services. The budget for 2016 is \$3,975,944, a decrease of \$317,830 from 2015.

<u>MSU Extension</u> This fund is supported entirely by reimbursements from local communities and residents that utilize services. The budget for 2016 is \$30,000, an increase of \$11,755 from 2015, which is attributable to decreased funding for financial literacy and foreclosure mitigation community education programs.

<u>Planning Grants</u> This fund is administered by the Planning and Economic Development Department and receives grants from Federal agencies for coastal water and marshland restoration, brownfield development and small business development. In addition to Federal funding, this fund is used to account for the proceeds from the sale of aerial maps. The budget for this fund in 2016 is \$1,317,000, a decrease of \$104,415 from 2015.

<u>Prosecuting Attorney Grants</u> - This fund is supported entirely by Federal Equitable Sharing forfeiture funds used primarily for employee training. The budget for 2016 is \$5,000.

Register of Deeds Remonumentation Fund - The Register of Deeds Remonumentation Fund was established pursuant to Section 2567a of the Revised Judicature Act, and the State Resurvey and Remonumentation Act, MCL 54.261 et seq. This legislation authorizes the Register of Deeds in each county to collect additional recording fees which are turned over to the State and used to provide grants to counties to fund the Remonumentation Grant Program. The purpose of this grant program is to survey and verify the location of corner markers, or "monuments", of all township sections within the County with satellite technology to assure accurate property boundaries, road alignments, subdivision layouts and plat descriptions. The grant funds are administered by the Register of Deeds and used to acquire technology and professional surveyor services to verify the position of each corner marker, which represents one square mile; there are thirty-six sections in each township. The Remonumentation grant program began in 1993 and has been legislatively extended to 2023. After completion of the Remonumentation work, the program will continue to pay for maintenance. The proposed budget for 2016 is \$205,000, a decrease of \$85,470 from 2015.

Special Revenue Funds (continued)

<u>Register of Deeds Technology Fund</u> - The Register of Deeds Technology Fund was created in 2003 pursuant to Public Act 698 of 2002, which authorizes the Clerk/Register of Deeds to collect additional recording fees solely for use and expenditure by the Clerk/Register of Deeds Office. The revenue generated from the increased fees is administered by the Clerk/Register of Deeds for the purpose of "upgrading search capabilities" which includes the implementation of systems and procedures related to recording, indexing, certifying and storing documents, maps, plats, and other items recorded by the Register of Deeds. The proposed budget for 2016 is \$1,471,900, the majority of which is spent on contractual services and capital outlay related to enhancing online search capabilities, digital imaging and the establishment of a tract index.

<u>Concealed Pistol Licenses Fund</u> - The CPL Fund was created in 2016 pursuant to Public Act 3 of 2015, which authorizes the Clerk/Register of Deeds to collect a portion of revenue from concealed pistol license applications for the sole purpose of supporting costs associated with the processing of these applications. The proposed budget for 2016 is \$166,502. There is no County support in this fund.

<u>Sheriff Grants</u> – The Sheriff Grant Fund is funded through forfeitures, charges for services and State and Federal grants. The budget for 2016 is \$382,600, a decrease of \$762,644 from 2015.

<u>Veterans Services</u> - The Department of Veterans' Services is supported by a special property tax millage of .04 mills. The budget for 2016 is \$1,298,061, a decrease of \$22,355 from 2015.

<u>Circuit Court Programs</u> – The Adult Drug Court, Mental Health Court, and Veterans Treatment Court, provide intensive probation and treatment to low-risk offenders and allows participants to avoid incarceration. There are on average 35-40 participants in the program at any point in time, who otherwise would have been sentenced to jail or prison. Participants in the program have avoided more than 19,000 jail bed days and over 20,000 prison bed days since January 1, 2008. Expenditures for 2016 are \$400,401, a decrease of \$6,987 over fiscal 2015. The General Fund appropriation to the Circuit Court Programs for 2016 is \$169,468, an increase of \$5,505 from 2015. The Specialty Courts are administered by the Circuit Court and represents approximately 1% of the total budget of the Circuit Court.

<u>Child Care Fund</u>. The Child Care Fund is used to account for the costs associated with the detention of individuals under the age of 18 convicted of criminal offenses, treatment programs intended to rehabilitate juvenile offenders and foster care for those under the age of 18. The State of Michigan provides 50% of the funding for the Child Care Fund, net of other grants and reimbursements, and the General Fund provides the other 50%. The gross budget of \$21,828,387 for 2016 represents a 1.8% increase from fiscal 2015. The General Fund appropriation to the Child Care Fund for 2016 is \$12,261,658, a decrease of \$20,230 over 2015.

Special Revenue Funds (continued)

<u>Community Corrections</u> — The Community Corrections program provides local, community-based alternatives to incarceration that promote public safety and relieve jail overcrowding while at the same time holding offenders accountable and improving their ability to live lawfully and become productive members of society. The program employs ten (10) full-time positions and approximately 78% of its funding is provided through grants from the State of Michigan. Spending levels requested for 2016 are essentially unchanged from previous years. The General Fund appropriation requested for 2016 is \$361,513, an increase of \$53,002 from 2015 due to a continued additional \$52,000 from the County for treatment.

<u>Community Services</u> The Community Services Agency provides a wide array of services to residents of the County, including, but not limited to, Meals on Wheels, Senior Citizens nutrition, income tax preparation for the elderly, transportation services, home injury control, household weatherization improvements and Head Start. Approximately 95% of the funding for Community Services comes from State and Federal grants. The General Fund appropriation requested for fiscal 2016 is \$3,186,625, an increase of \$1,590,719 from 2015. The increase is offset by indirect cost revenue to the General Fund.

<u>Friend of the Court -</u> The mission of the Macomb County Friend of the Court is to fairly and efficiently enforce court orders relating to child support, health care, spousal support, parenting time and custody. Approximately 64% of the funding for the Friend of the Court is provided through a grant from the Federal government. The General Fund appropriation for 2016 is \$2,906,671, an increase of \$9,662 from 2015.

<u>Health Grants</u> — The health grants which operate on a September 30 year-end represent approximately 20% of the total budget of the Health Department. Funding for these programs is provided primarily through State and Federal grants. The General Fund appropriation of \$1,588,322 represents approximately 26.3% of the budget. The General Fund appropriation budgeted for 2016 is \$269,753 higher than the amount budgeted in 2014, primarily driven by increases in overhead allocation charges from the Health Fund (Dec 31 year-end), which will be offset by a corresponding reduction in the General Fund appropriation to the Health Fund in 2016. These costs will be charged to the individual programs to more accurately reflect actual costs by program.

<u>Juvenile Accoutability Grant</u> This fund was used to account for costs associated with the treatment of juvenile substance abuse offenders through intensive outpatient therapy in both the individual and group setting. This program is closed for 2016.

<u>MSU Extension</u> - This fund is used to account for numerous community based educational programs in areas of foreclosure mitigation and financial literacy and is supported entirely by State and Federal grants and reimbursements from local communities. The budget for 2016 is \$23,500, a decrease of \$16,716 from 2015, which is attributable to decreased grant funding.

<u>Prosecuting Attorney Grants</u> – This fund is used to account for the costs associated with prosecuting cases involving child support enforcement, domestic violence, auto theft and drug-related offenses. The General Fund appropriation to this fund for 2016 is \$963,760, an increase of \$101,210 over 2015 due primarily to the addition of two new positions and increases in internal services costs.

Special Revenue Funds (concluded)

<u>Roads -</u> The Department of Roads is funded exclusively by gasoline taxes, State and Federal grants and reimbursements from local units of government. The budget for 2016 is \$94,635,144, a decrease of \$5,397,420, or 5.4%, from amended 2015. Due to operational efficiencies made in prior years, the Department of Roads has accumulated a healthy level of fund balance over time and plans to utilize \$25.5 million over the course of the next two years on road repairs and equipment replacement.

<u>Sheriff Grants</u> – This fund is utilized to account for the costs associated with specialized units involved in traffic safety enforcement, auto theft and drug-related crimes. The majority of the operations of the Sheriff's Office are accounted for in the General Fund. Approximately 79% of the funding for these programs is provided by State grants and charges for services. The 2016 budget provides for the continued funding of 9 positions. The General Fund appropriation to this fund is \$419,345 for 2016, a decrease of \$13,281 from 2015.

Enterprise Funds

<u>Community Mental Health</u> The Community Mental Health Department provides behavioral health support and services to eligible residents of the County who suffer from severe mental illness, developmental disabilities and substance abuse disorders. The activities are accounted for in two funds, the Mental Health Fund and the Substance Abuse Fund, which is presented later in this document. The Mental Health Fund represents approximately 96% of the total budget of the Mental Health Department. Approximately 98% of the funding for the Mental Health Fund is provided by Medicare, Medicaid and the State General Fund. The remaining 2.0% is contributed by the County General Fund and is budgeted at \$3,933,635 in 2016. Active management of the Medicaid eligibility of County residents has allowed the General Fund contribution to remain relatively flat for the last three years.

<u>Freedom Hill Park</u> – The Freedom Hill Park was closed to the public in 2009 but was reopened and leased to an independent operator in 2013, primarily for use as a concert venue. Several weekend festivals are also scheduled for 2016. The lease agreement provides that the County receive a portion of parking revenues and ticket sales. The County is responsible for grounds care, security at concerts and utilities. A budget of \$513,980 has been established for 2016. The General Fund will provide support in the amount of \$114,730 to cover those costs and the remaining \$399,250 will be covered by revenue provided for in the lease and restricted fund balance.

<u>Substance Abuse</u> - The Office of Substance Abuse is managed by the Macomb County Department of Community Mental Health and provides substance abuse treatment and education services to residents of the County in both inpatient and outpatient settings and approximately 83% of its funding is provided in the form of Medicare, Medicaid and State General Fund appropriations. The County General Fund is required to contribute 50% of the liquor tax distributed by the State of Michigan each year and any unused contributions may be carried over to future years. The County General Fund appropriation (predominately liquor tax distribution) for 2016 is \$2,749,099, an increase of \$637,313, or 30%, from 2015.

The County's outstanding general obligation debt supported by the General Fund is anticipated to total \$332,620,000, as of December 31, 2015. Debt service for the year ending December 31, 2016 is budgeted at \$27,128,909, consisting of \$16,155,000 in principal payments and \$10,873,909 in interest and fees. Debt service requirements and outstanding balances by year through final maturity in 2035 are presented in the following schedules.

Debt Service Fund (concluded)

State statute limits the total amount of general obligation debt of the County to 10% of the assessed value of all property in the County. Assessed value is generally 50% of true market value. Management, however, believes that the taxable value of all property in the County is a more practical and conservative base on which to base the calculation of the County's debt limit. The taxable value of all property in the County as of December 31, 2015 was \$25.6 billion. Therefore, the County's debt limitation was \$2.6 billion at year-end. The County's outstanding debt of \$332.6 million at December 31, 2015, supported by the General Fund, will be well below the limit based on either assessed or taxable value.

Pension and Retiree Health Care Liabilities

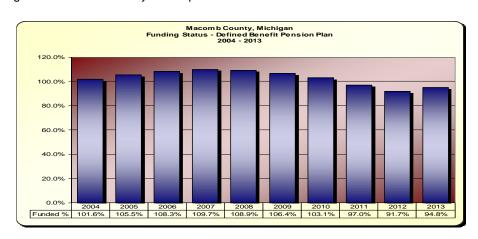

<u>Defined Benefit Pension Plan</u> - The County sponsors and administers the Macomb County Employees' Retirement System (the "System"), a single employer defined benefit plan covering substantially all of the County's employees. The System was established in accordance with state statutes to provide retirement benefits for the employees of the County and its several offices, boards and departments. The following is a summary of the benefits provided to the members of the system.

<u>General County-</u> Virtually all employees hired on or before December 21, 2001 may retire if their age plus years of service equals or exceeds 70 and they have attained a minimum age of 50. The annual retirement benefit, payable monthly for life, is computed at 2.4% of final average compensation for the first 26 years of service and 1% for every year thereafter, with a maximum employer pension of 65%. Employees hired on or after January 1, 2002 and certain employees hired before that date not covered by the provisions described above may retire at age 55 with 25 or more years of service or age 60 with 8 years of service. The annual retirement benefit, payable monthly for life, for these employees is computed at 2.2% of final average compensation for each year of service, with a maximum employer pension of 66%.

<u>Sheriff Department-</u> Employees may retire at any age with 25 or more years of service or age 60 with 8 years of service. The annual retirement benefit for the Sheriff and deputies, payable monthly for life, is computed at 2.64% of final average compensation multiplied by credited years of service with a maximum employer pension of 66%. The factor for the undersheriff, captains, jail administrator, command officers, corrections officers and dispatchers is 2.4% for the first 26 years of service and 1% for every year thereafter, with a maximum employer pension of 66%.

<u>Department of Roads</u>- Depending upon union affiliation and date of hire, employees may retire if (a) their age plus years of service equals or exceeds 70 and they have attained a minimum age of 55; (b) age 55 with 25 years of service; (c) age 60 with either 8 or 15 years of service; (d) age 65 with 8 or 15 years of service. The annual retirement benefit, payable monthly for life, is computed at either 2.4% of final average compensation for the first 26 years of service and 1% for every year thereafter, with a maximum employer pension of 65% or 2.2% of final average compensation for each year of service, with a maximum employer pension of 65%.

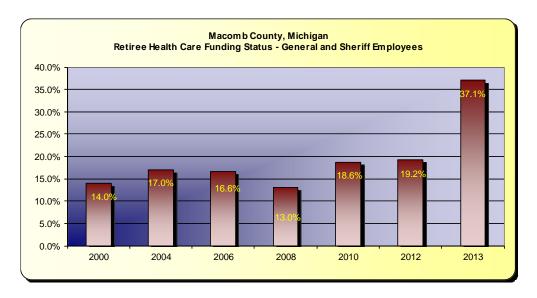

As of December 31, 2013, the date of the most recent actuarial valuation, the plan was 94.8% funded. The actuarial accrued liability was \$884,041,581 and the actuarial value of plan assets was \$837,652,540, resulting in an unfunded liability of \$46,389,041. The funding status for the last 10 years is presented below.

Description of Funds

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. There are three major categories of funds: Governmental, Proprietary, and Fiduciary with each category consisting of one or more types of funds. Governmental Funds are used to account for functions that finance most of governmental operations and activities. The General Fund, Special Revenue Funds, and Debt Service Funds are considered Governmental Funds. Propriety Funds are used to account for activities similar to those found in the private sector where the intent of the governing body is to finance the full cost of providing services, including depreciation, primarily through user charges. Fiduciary Funds are used to account for assets held in trust or as an agent for others and, are, therefore, not budgeted.

Generally accepted accounting principles require governmental funds to be accounted for on the modified accrual basis of accounting, which means that revenues are recognized when they become both measurable and available and expenditures are recognized when the related fund liability is incurred, with the exception of principal and interest on general long-term debt, which is recognized on the cash basis when due. The budgets for governmental funds are, likewise, prepared on the modified accrual basis of accounting. "Measurable" means that the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of year-end. Proprietary funds are accounted for using the full accrual basis of accounting, which recognizes revenues when they are earned and expenses when they are incurred regardless of the timing of the associated receipts and payments. The budgets for proprietary are, likewise, prepared on the full accrual basis of accounting.

General Fund: The General Fund is the primary operating fund of the County and is used to account for all financial resources, except those required to be accounted for in other funds.

Special Revenue Funds: Special revenue funds are used to account for the revenues and expenditures of the various activities financed primarily by State or Federal grants and whose use is legally restricted to specific purposes.

Special Revenue Funds (concluded):

Register of Deeds Technology Fund – The Register of Deeds Technology Fund was created in 2003 pursuant to Public Act 698 of 2002, which authorizes the Clerk/Register of Deeds to collect additional recording fees solely for use and expenditure by the Clerk/Register of Deeds Office. The revenue generated from the increased fees is administered by the Clerk/Register of Deeds for the purpose of "upgrading search capabilities" which includes the implementation of systems and procedures related to recording, indexing, certifying and storing documents, maps, plats, and other items recorded by the Register of Deeds.

Implementation of PA 152 resulted in actual expenditures being less than originally budgeted and charged to the departments during 2012.
