Re: Macomb County Budget for General, Special Revenue and Enterprise Funds For Fiscal Years Ended December 31, 2013 and Financial Forecast for 2014 and 2015

As the County Executive, the Charter requires me to prepare and administer a comprehensive balanced budget in a manner which assures coordination among agencies. Section 8.6.1 of the Charter requires that the budget be transmitted at least 90 days before the next fiscal year begins and specifies the minimum content for the budget document. Since each of the agencies contained in the attached budget have fiscal years beginning on January 1, the budget is being transmitted in accordance with the Charter.

We continue to use the enhanced budget format created last year which has provided greater amounts of information and transparency to decision makers as well as the public. The document begins with a budget discussion and analysis highlighting the activity for each fund followed by a glossary that provides a description of budgeted fund names and line items. The budget summary and detail pages in this document present a three year forecast and a six-year trend comparison for revenues and expenditures.

My office and the Finance Department reviewed the departmental budget requests with an emphasis on determining if services can be provided in a more cost effective and efficient manner. We are pleased with the innovative approach that the Elected Officials and Department Heads continue to display.

As always, should you have any questions, please do not hesitate to contact me.

Sincerely,

Mark A. Hackel Macomb County Executive

New S. Incur

Overview

The budget presented herein is for the fiscal year ending December 31, 2013 for the General Fund, certain Special Revenue and Enterprise funds, as well as the Debt Service Fund of the County. The County has other Special Revenue and Enterprise Funds that operate on a fiscal year ending September 30. The budgets for those funds for 2013 are contained in a separate document, which was approved by the Board of Commissioners in September 2012. This document also contains forecasted information for the years ending December 31, 2014 and December 31, 2015.

The 2013 budget is the second one prepared by County Executive Mark Hackel and his administration. The administration entered the 2013 budget cycle facing a budget gap of \$16.4 million in the General Fund. A combination of operating cost reductions, position eliminations and anticipated labor concessions has closed the gap completely and had enabled the County Executive balance the budget without utilizing fund balance for the third consecutive year.

The Budget Process

The annual budget serves as the foundation for the County's financial planning and fiscal control for the upcoming year. The Appropriations Ordinance adopted by the Board of Commissioners represents the legal authorization for County agencies to procure goods and services. The County's budgetary practices and controls are governed by both County Charter and Public Act 2 of 1968, more commonly known as the Uniform Budgeting and Accounting Act. Each require that the budget be balanced, which means that budgeted appropriations cannot exceed the total of budgeted revenues and available fund balance reserves in any individual fund.

The County Charter requires the County Executive to submit a comprehensive balanced budget to the Board of Commissioners at least 90 days before the beginning of each fiscal year. Budget worksheets are distributed to department heads and elected officials approximately 180 days before the beginning of the fiscal year and returned to the Finance Department 4-6 weeks later. The information is compiled and a recommended budget is submitted to the Board of Commissioners no later than 90 days before the beginning of the upcoming budget year. The budget is further refined over the next 45-60 days, including formal discussions with the Finance Committee during that time. A public hearing is held approximately two weeks before the first day of the new budget year and the final budget is voted on by the Board of Commissioners that same day. Appropriations approved by the Board of Commissioners are considered maximum spending authority and not a mandate to spend the entire amount appropriated. As a result, this allows for further savings to be achieved throughout the year.

Budget Adjustments

The County Executive is authorized to transfer funds between budgeted line items within any budget center, more commonly referred to as a department, within any fund so long as the amount being transferred does not exceed the lesser of \$30,000 or 2% of the total appropriations approved for the budget center in question. Amounts that exceed these thresholds must be approved by the Board of Commissioners. Multiple related expenditures shall be aggregated and are subject to the same parameters described above for any one budget year. Transfers between funds must be approved by the Board of Commissioners regardless of amount, except for transfers involving internal service costs, which may be transferred between funds and budget centers regardless of amount without prior approval of the Board of Commissioners. The budget center is considered the legal level of control within the parameters described above.

Budget and Forecast Assumptions

The County budget continues to be negatively impacted by decreases in property values and increases in fringe benefit costs, primarily health care for employees and retirees. After increasing 6% to 8% a year in the late 1990s and early 2000s, property values began to stagnate midway through the previous decade and have declined approximately 25.4% in the last five years. **Taxable values declined 10.2% in 2010, 7.0% in 2011, 6.0% in 2012 and a 2.0% reduction is anticipated in 2013. Taxable values are estimated to remain flat in 2014 and increase 2.0% in 2015.** Each 1% change in property values equates to approximately \$1.0 million in property tax revenue to the General Fund. The Board of Commissioners raised the County operating millage rate from 4.2 mills to the maximum allowed limit of 4.5685 mills in 2009 to combat the effects of declining property values. Unfortunately, due to the continuous declines in taxable values, the positive impact of the tax increase on the budget has been significantly reduced. However, the County has responded with strict financial controls to ensure that budgeted expenditures keep pace with property tax levies.

Health care costs for retirees are expected to increase 8% each year and are expected to be approximately \$19.1 million in 2013. Health care costs for active employees are expected to increase 4% each year, primarily as a result of legislation enacted by the State of Michigan in 2011 that places annual ceilings on the amount of health care premiums paid by employers and requires employees to pay any premium amounts in excess of the established ceilings. The ceilings imposed on employer-paid premiums by PA 152 in 2013 are as follows: \$5,693 for single coverage, \$11,385 for two-person coverage and \$15,525 for family coverage. These amounts are adjusted annually for inflation.

Virtually all of the County's labor agreements expire December 31, 2013. Those agreements contain provisions for up to six unpaid furlough days per year per employee and longevity payments at significantly reduced levels. It has been assumed that these provisions will remain in place and are factored into the 2014 and 2015 forecasts.

The General Fund

The General Fund is the primary operating fund of the County. It is responsible for funding virtually all law enforcement and justice functions, including the courts, juvenile justice, Sheriff, Prosecuting Attorney and support services such as Finance and Human Resources. The General Fund is also responsible for funding the majority of the operations of the County's other elected officials, including the County Executive, Clerk/Register of Deeds, Treasurer, Board of Commissioners and the Public Works Commissioner. As a result, it is the focal point of the budget. The 2013 General Fund budget totals \$184,071,934, a decrease of \$9,283,814 or 4.8% from fiscal 2012. The General Fund (continued)

<u>Fund Balance -</u> Preservation of fund balance is critical for the future. The County has prided itself on maintaining a healthy level of fund balance in its various operating funds. Industry guidelines recommend a fund balance of approximately 10% - 15% of annual expenditures in any given fund. The audited General Fund fund balance of \$57.9 million as of December 31, 2011 represented 30.3% of 2011 expenditures. The ratio is expected to decline slightly to approximately 30.0% by the end of fiscal 2012 and increase to approximately 31.5% by the end of fiscal 2013. A graphical representation of the level of fund balance as a percentage of expenditures for the last 10 years is presented below.

The General Fund (continued)

Revenues:

<u>Property Taxes</u> - Property taxes are the primary source of revenue for the General Fund and account for 58% of total revenues. As mentioned previously, the County enjoyed healthy increases in taxable values of 6% per year, on average, from the mid 1990s through the mid 2000s. Taxable values began to stagnate in 2008 and are expected to decline 25.4% from that time through the end of 2014. Assumptions for the upcoming three years are a decrease in taxable value of 2% in 2013, a flattening out in 2014 and a 2% increase in 2015. The unprecedented declines in property values have placed a severe burden on the County's ability to provide essential services to its residents. Compounding the problem is a State law known as Proposal A, which was enacted in 1994 and places limits on the annual increase in taxable value. Prior to Proposal A, property was taxed on its State Equalized Value (SEV), which represents approximately 50% of market value. Proposal A created a new value called Taxable Value, which was set at the same amount as SEV at its inception. Under Proposal A, SEV increases at market rates while the growth in taxable value is limited to the lesser of 5% or the rate of inflation. As a result, the County does not anticipate taxable values to return to 2008 levels until at least 2025.

<u>State Revenue Sharing</u> - The State of Michigan cut State Revenue Sharing by approximately 25% for fiscal 2013, a reduction of nearly \$4,000,000. A total of \$12,000,000 in State Revenue Sharing has been budgeted in 2013.

The General Fund (continued)

Revenues (concluded):

<u>Interest Income</u> - Declining property values and reductions in State Revenue Sharing over past several years have resulted in significantly less cash available to invest. This coupled with historically low interest rates the last 2-3 years have resulted in a dramatic decrease in the amount of interest income earned each year. The budget for 2013 is \$300,000, a decrease of \$100,000 from the 2012 budget and approximately \$700,000 less than the amount earned in 2010.

<u>Transfers from Other Funds</u> - The annual contribution from the Delinquent Real Property Tax Revolving Fund was increased from \$8,635,000 to \$9,635,000 in 2012 and the annual contribution from the Delinquent Personal Property Tax Revolving Fund will be increased from \$20,000 to \$1,020,000 in 2012. The County Treasurer has committed to retaining those contribution levels in 2013.

Expenditures:

<u>Facilities & Operations</u> - Three vacant positions were eliminated from the 2013 budget, resulting in a reduction of approximately \$208,000.

<u>Health Department</u> One position was eliminated from the 2013 budget, resulting in a reduction of approximately \$114,000.

<u>Probate Court</u> - The Probate Court eliminated three and one-half positions through reorganization, resulting in a reduction of approximately \$196,000.

<u>Purchasing</u> - The Purchasing Department was consolidated with the Department of Roads in 2012, resulting in the elimination of two positions and reducing personnel costs by approximately \$136,000. Further efficiencies have allowed the department to eliminate another position in 2013, resulting in a further reduction in personnel costs of approximately \$76,000.

<u>Reimbursement</u> - The Reimbursement Department is a division within the Circuit Court. One position will be eliminated in 2013, resulting in savings of approximately \$59,000.

<u>Senior Citizens Services</u> - Two full-time and two part-time positions will be eliminated in 2013, resulting in a reduction of approximately \$96,000.

<u>Technical Services</u> - Two full-time positions will be eliminated and one part time position added in 2013, resulting in a net reduction of approximately \$126,000.

The General Fund (concluded)

Expenditures (continued):

<u>Sheriff</u> - Prudent management of overtime has allowed the Sheriff to reduce the overtime budget by \$921,000, including fringe benefits in 2013, which is expected to continue in future years as well.

<u>Operating Transfers</u> – The County has historically budgeted a net annual appropriation of approximately \$4,000,000 from the General Fund to the Capital Improvement Fund. This transfer was eliminated for 2012 and 2013 in accordance with the five-year capital plan. In addition, refinancing of bond issues in prior years as well as the refinancing of two more issues in 2012 has reduced the County's debt service obligation by approximately \$1,100,000 in 2013.

The day-to-day operations of the Martha T. Berry Medical Care Facility were turned over to an independent board in 2009. Prior to this arrangement, the General Fund had provided, on average, approximately \$2.0 million in financial support to the facility each year. In 2009, the Board of Commissioners established a maximum annual contribution of \$1.0 million for 2010 and beyond. The new management team has improved occupancy and reduced costs to a point where the contribution from the General Fund is no longer needed. Therefore, the \$1,000,000 contribution was removed from the budget beginning in 2012.

<u>Operating Expenses</u> – A comprehensive analysis of spending patterns was conducted. As a result, the Finance Department, in cooperation with the County elected officials and department heads, have identified an additional \$2.0 million in structural operating cost reductions across budget centers.

<u>Non-Departmental Personnel</u> – County department heads and elected officials have a long and established history of filling vacant positions only when absolutely necessary. As a result, approximately 8% of the monies budgeted for personnel are not spent each year. We will continue this effort in 2013 and beyond by establishing a turnover factor of 7.5%, or \$6.4 million. Starting in 2013, this factor will be spread to the various departments throughout the year as vacancies remain unfilled as a tool to ensure that the savings are realized. In addition, the County has aggressively managed its administrative health care costs without a reduction in benefit levels or increases in out of pocket costs for employees. The anticipated savings for 2013 are approximately \$2.2 million.

Special Revenue Funds

<u>Community Corrections</u> The Community Corrections department has one program, the Tether Program that operates on a December fiscal year. It receives approximately 50% of its support from the General Fund and has a budget of \$146,306 for fiscal 2013. The General Fund contribution for 2013 is \$70,103, an increase of \$154 over 2012.

<u>Community Development Block Grants</u> This fund is supported entirely by grants from the Department of Housing and Urban Development. The grant proceeds are used primarily for housing rehabilitation loans.

<u>Community Services Grants</u> The Community Services Grant fund is funded almost entirely by Federal funds and receives no financial support from the General Fund. The budget for the year ending December 31, 2013 is \$327,593, a decrease of \$2,653,582 from 2012. The large decrease is due to the exhaustion of Federal funds received in prior years under the American Recovery and Reinvestment Act.

<u>Health Grants</u> – This fund is supported entirely by State grants primarily for the purpose of administering a variety of water quality monitoring programs. The budget for 2013 is \$214,753, a decrease of \$267,728 from 2012. The decrease is due to the expiration of several multi-year grants in 2012.

<u>Homeland Security Grants</u> – This fund is supported entirely by Federal grants for the purpose of purchasing emergency response equipment and creating emergency response plans for the County and local municipalities. The budget for 2013 is \$19,863,501, an increase of \$16,369,821 from 2012. The large increase is due to the County becoming the regional fiduciary for several Urban Area Security Initiative grants.

<u>Human Services</u> - This fund is supported entirely by State funds for the purpose of providing child and family welfare support through a network of over 100 county department of human services offices throughout the state. The budget for 2013 is \$2,000,000.

<u>Michigan Works!</u> This fund is supported entirely by State and Federal funds utilized for the purpose of integrating those facing barriers to employment into the labor force through training and employment support services. The budget for 2013 is \$3,948,980, a decrease of \$171,124 from 2012.

<u>MSU Extension</u> This fund is supported entirely by reimbursements from local communities and residents that utilize services. The budget for 2013 is \$310,943, an increase of \$199,255 from 2012.

<u>Prosecuting Attorney Grants</u> - This fund is supported entirely by Federal forfeiture funds used primarily for employee training. The budget for 2013 is \$750.

Special Revenue Funds (concluded)

Register of Deeds Remonumentation Fund - The Register of Deeds Remonumentation Fund was established pursuant to Section 2567a of the Revised Judicature Act, and the State Resurvey and Remonumentation Act, MCL 54.261 et seq. This legislation authorizes the Register of Deeds in each county to collect additional recording fees which are turned over to the State and used to provide grants to counties to fund the Remonumentation Grant Program. The purpose of this grant program is to survey and verify the location of corner markers, or "monuments", of all township sections within the County with satellite technology to assure accurate property boundaries, road alignments, subdivision layouts and plat descriptions. The grant funds are administered by the Register of Deeds and used to acquire technology and professional surveyor services to verify the position of each corner marker, which represents one square mile; there are thirty-six sections in each township. The Remonumentation grant program began in 1993 and has been legislatively extended to 2023. After completion of the Remonumentation work, the program will continue to pay for maintenance. The proposed budget for 2013 is \$192,986.

<u>Register of Deeds Technology Fund</u> The Register of Deeds Technology Fund was created in 2003 pursuant to Public Act 698 of 2002, which authorizes the Clerk/Register of Deeds to collect additional recording fees solely for use and expenditure by the Clerk/Register of Deeds Office. The revenue generated from the increased fees is administered by the Clerk/Register of Deeds for the purpose of "upgrading search capabilities" which includes the implementation of systems and procedures related to recording, indexing, certifying and storing documents, maps, plats, and other items recorded by the Register of Deeds. The proposed budget for 2013 is \$1,848,786, the majority of which is spent on contractual services and capital outlay related to enhancing online search capabilities, digital imaging and the establishment of a tract index.

<u>Sheriff Grants</u> - The Sheriff Grant Fund is funded through forfeitures, charges for services and State and Federal grants. The budget for 2013 is \$334,774.

<u>Veterans Services</u> The Department of Veterans' Services is supported by a special five year property tax millage of .04 mills approved by the voters in November 2008. The millage is expected to generate approximately \$942,452 in 2013.

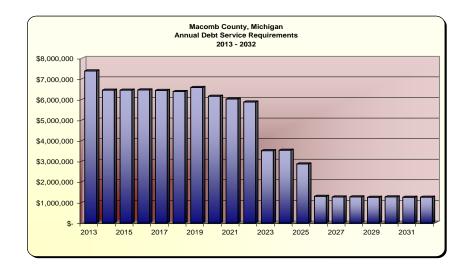

Enterprise Funds

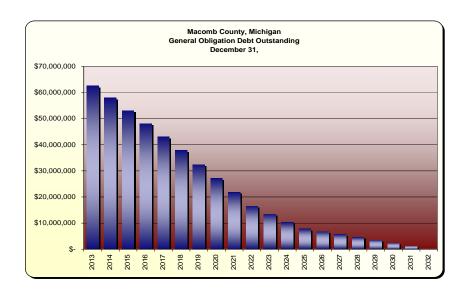

<u>Marta T. Berry Medical Care Facility</u> – The Facility is funded primarily by Medicare and Medicaid as well as charges to residents. It has a staff of 238 and the budget for 2013 is \$22,893,850, a decrease of 2.6% from 2012. The facility has not required a General Fund contribution since 2009.

<u>Freedom Hill Park</u> – The Freedom Hill Park was closed to the public in 2009 but is expected to be reopened and leased to an independent operator in 2013 and will be used primarily as a concert venue. A budget of \$322,507 for such expenses has been established for 2013. The General Fund will provide support in the amount of \$137,507 to cover those costs and the remaining \$185,000 will be covered by parking revenue and restricted fund balance.

Debt Service Fund

The County's general obligation bonds are rated **AAA** by Standard & Poor's, a status enjoyed by only three counties in Michigan and sixty-seven nationwide, and are rated **Aa1** by Moody's Investor Service. The County's outstanding general obligation debt supported by the General Fund will amount to \$50,193,682, or \$59.60 per capita, as of December 31, 2012 and debt service for the year ending December 31, 2013 is budgeted at \$7,398,275, consisting of \$5,502,033 in principal payments and \$1,896,242 in interest and fees. The County's general obligation debt per capita is among the lowest in the region. Annual debt service requirements and outstanding balances by year through final maturity in 2032 are presented below.

Description of Funds

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. There are three major categories of funds: Governmental, Proprietary, and Fiduciary with each category consisting of one or more types of funds. Governmental Funds are used to account for functions that finance most of governmental operations and activities. The General Fund, Special Revenue Funds, and Debt Service Funds are considered Governmental Funds. Propriety Funds are used to account for activities similar to those found in the private sector where the intent of the governing body is to finance the full cost of providing services, including depreciation, primarily through user charges. Fiduciary Funds are used to account for assets held in trust or as an agent for others and, are, therefore, not budgeted.

Generally accepted accounting principles require governmental funds to be accounted for on the modified accrual basis of accounting, which means that revenues are recognized when they become both measurable and available and expenditures are recognized when the related fund liability is incurred, with the exception of principal and interest on general long-term debt, which is recognized on the cash basis when due. The budgets for governmental funds are, likewise, prepared on the modified accrual basis of accounting. "Measurable" means that the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of year-end. Proprietary funds are accounted for using the full accrual basis of accounting, which recognizes revenues when they are earned and expenses when they are incurred regardless of the timing of the associated receipts and payments. The budgets for proprietary are, likewise, prepared on the full accrual basis of accounting.

General Fund: The General Fund is the primary operating fund of the County and is used to account for all financial resources, except those required to be accounted for in other funds.

Special Revenue Funds: Special revenue funds are used to account for the revenues and expenditures of the various activities financed primarily by State or Federal grants and whose use is legally restricted to specific purposes.

Description of Funds (concluded)

Special Revenue Funds (concluded):

Revenue Sharing Reserve Fund - The Revenue Sharing Reserve Fund was created in 2004 pursuant to Public Act 357 which provided for a gradual shift in the timing of the County operating millage from December 1 to July 1 to serve as a substitute funding mechanism for State Revenue Sharing, which was eliminated in 2004. The gradual shift took place over a three year period as follows: in 2005, one-third of the taxes were levied on July 1, and two-thirds on December 1; in 2006, two-thirds of the taxes were levied on July 1 and one third on December 1 and 100% of the taxes were levied on July 1 beginning in 2007 and each year thereafter. The effect of PA 357 was to set aside the equivalent of one year's levy in a restricted fund and transfer from that fund to the General Fund an amount authorized each year by the State that approximated what the State would have provided had revenue sharing not been eliminated. PA 357 also provided that the State would resume revenue sharing payments at the point in time that the County Revenue Sharing Reserve Fund was exhausted, which will occur in 2012.

^{** -} The amounts reflected in 2012 represent the estimated reduction in employer-paid health care premiums charged to the General Fund in accordance with PA 152 of 2011. PA 152 establishes ceilings on the amount of employee health care premiums paid by public sector employers. The reductions indicated above represent the difference between actual premiums and the ceilings established by PA 152. Amounts also reflect estimated employee concessions for dock days and longevity savings. Those savings have been spread at the department level in 2013 and beyond. The amounts reflected in 2013 - 2015 represent a 7.5% personnel turnover factor as well as anticipated savings related to administrative health care costs.
