

Public Health Guidance for Outdoor Activity

Recreation | Industry | Tourism

Conduct Risk Assessment

Establish critical protective guidelines. Consider the following questions:

- Are there locations where employees routinely congregate?
- Are tools and equipment frequently shared by multiple employees?
- Does customer flow allow for social distancing measures?
- Where are areas in your business that would not allow customers and staff to properly distance?
- Who are your high risk employees?
- Is your business actively engaged in activities that promote disease transmission?
- Does your business have existing cleaning and disinfecting procedures?
- How quickly can you communicate with employees?
- Are communication resources needed in multiple languages?

Physical Distancing

Establish policies and procedures for social distancing. Consider the following:

- Recreation
 - Maximize physical distance from others.
 - Limit group sizes.
 - Places where appropriate physical distancing may not be practical should be avoided unless precautionary measures are taken.
 - Avoid congregating in the parking lot or restrooms.
- Industry
 - Limit work crew sizes.
 - Travel separately to and from the job site.
 - Maximize physical distance between co-workers.
 - Maximize distance between staff and customers.
- Tourism
 - Limit group sizes.
 - Maximize physical distancing.
 - Consider tourism limitation by geographic region.
 - Places, events, services, and attractions where appropriate physical distancing may not be practical should be avoided unless precautionary measures are taken.
 - Avoid congregating in parking lot or restrooms.

Engineering & Environmental Controls

Improve engineering controls and perform routine environmental cleaning.

Consider the following:

- Recreation
 - Close areas where physical distancing is not practical.
 - Employ barriers and signage to prevent access to closed buildings and playgrounds.
 - Use signage to limit occupancy and maximize physical distancing.
 - Eliminate trash receptacles with lids that require touching. Replace with no-touch trash receptacles. Require carry in/carry out.
 - Close courts for sports where physical contact is likely.
 - Pools remain closed.
 - Enhanced cleaning and sanitizing of common contact surfaces.

Public Health Guidance for Outdoor Activity

(continued)

Engineering & Environmental Controls (continued)

Improve engineering controls and perform routine environmental cleaning.

Consider the following:

- Industry
 - Signage and barriers to restrict vehicle occupancy.
 - Close common areas where employees congregate such as breakrooms.
 - Eliminate coffee pots and other shared non-essential items.
 - Enhanced cleaning and sanitizing of equipment and common contact surfaces.
- Tourism
 - Close buildings, services, attractions, and events where physical distancing is not practical.
 - Barriers and signage to prevent access to closed buildings.
 - Close common areas of buildings where physical distancing is not possible.
 - Barriers and signage to maximize physical distancing.
 - Enhanced cleaning and sanitizing of common contact surfaces.
 - Install physical barriers such as plexiglass between customer service staff and customers.
 - Adjust work areas to maximize separation between employees.
 - Install physical barriers such as plexiglass between employees when necessary.

Administrative Controls

Establish administrative controls while employees and visitors are onsite.

Consider the following:

- Recreation
 - Conduct health screenings with employees before starting work and at the end of shift.
 - Require currently or recently sick staff to stay at home.
 - Provide sick leave.
 - Utilize online payments for park permits, marina fees, and green fees.
 - Individual closures may be necessary if social distancing guidelines are not followed.
 - Enforcement by law enforcement agencies.
- Industry
 - Conduct health screenings with employees before starting work and at the end of shift.
 - Require currently or recently sick staff to stay at home.
 - Provide sick leave.
 - Provide electronic/online pay option for customers.
 - Provide supervision to ensure physical distancing is followed.
 - Minimize sharing of equipment.

Administrative Controls (continued)

Establish administrative controls while employees and visitors are onsite.

Consider the following:

- Tourism
 - Limit number of customers.
 - Conduct health screenings with employees before starting work and at the end of shift.
 - Require currently or recently sick staff to stay at home.
 - Provide sick leave.
 - Provide electronic/online pre-pay only options for tickets to entrances.
 - Limit hours to allow for additional cleaning.
 - Health screening for guests, when practical.

Personal Protective Equipment (PPE)

Require the appropriate type of PPE for employees and customers.

Consider the following:

- Provide cloth face coverings and/or face shields to employees. Consider distributing gloves to employees, if needed.
- Provide hand sanitizer and disinfectant wipes throughout multiple locations within the building (e.g. meeting areas, reception areas, and common spaces).
