2) Housekeeping

- The group decided that quarterly meetings would work best and Thursday mornings seem to be fine. We will re-evaluate this as needed. Calendar invites will be sent out for the next meeting in the near future.

3) Missing Partners

- The following agencies were brainstormed to be added to the partner list for the Behavioral Health workgroup:
- Other hospitals/ED/Community Benefit; Harbor Oaks; School Based Health Centers; Open Arms; MH non-profits; Clinton Counseling
- The group will continue to brainstorm and invite those groups/individuals who can help us meet our goals and objectives

4) Overview of Priority Areas

- The group reviewed the priority areas/goals/objectives for Behavioral Health. Please find the Behavioral Health Goals and Objectives attached.

5) Projects currently being worked on

- The workgroup spent some time brainstorming current activities that are already occurring in Macomb County that align with these objectives. The list of activities is attached at the end of the minutes.

6) Homework

- The workgroup was assigned a small homework assignment to complete before the next meeting. The homework is attached to the meeting minutes.
- One additional piece of information we are looking to gather from everyone is their social media information (i.e., organization websites, facebook, twitter handles, etc) so we can make a compilation of all of our organizations to share with each other. If you can please include this in your homework that would be great – otherwise, we will collect at the December meeting.
