HISTORY

On November 8, 1966, the electorate of the County of Macomb voted 61,903 to 30,324 to adopt the following proposition:

Shall Act No. 298 of the Public Acts of 1966, entitled, “An Act to establish and provide a Board of Civil Service Commissioners for Sheriff’s departments in certain counties, to provide a civil service system based upon examination and investigation as to merit, efficiency and fitness for appointment, employment and promotion of all officers and men appointed in the department; to regulate the transfer, reinstatement, suspension and discharge of said officers; and to provide for referendums,” be adopted.

Act 298 of 1966 is the Commission’s “Bible”. It spells out their responsibilities and authority. (see Statute, pgs. 11-17)

Besides the Act itself, on April 22, 1968, the Commission adopted a set of Rules & Regulations, which is adhered to.

CLASSIFICATION PLAN

At the inception of Civil Service at the Macomb County Sheriff Department in 1966, the original Civil Service Commission requested a survey be made by the staff of the State Department of Civil Service and the Sheriff Department. The result of many hours of research and compilation was a plan that was adopted and used by all Civil Service Commissions to date.

The Civil Service Commission's classification plan facilitates and conducts all phases of personnel administration at the Macomb County Sheriff Department on a systematic and equitable basis. It serves as a basis for the development of a comprehensive personnel program by the Civil Service Commission. By emphasizing an impartial approach, the classification plan promotes professionalism and serves as a safeguard against favoritism.

The plan is a system of identifying and describing different kinds of work and grouping like positions under common job titles. One of the key features is its portrayal of relationships among positions and classes within the system for which it has been developed.

The Commission has specifications for various classifications within the Sheriff Department. Classifications are changed on an ongoing basis as the work detail changes.

Effective May 28, 2003, the Civil Service Commission no longer accepts applications for AFSCME and UAW clerical positions within the Sheriff Department. All clerical positions are posted through Human Resources. Once a clerical position closes, the Macomb County Human Resources Department compiles a list of applicants based on the respective labor agreements. It becomes the responsibility of Human Resources to do all screening for clerical applicants. The list is then forwarded to the Civil Service Commission to be certified at the next available meeting.

MEETINGS

Civil Service Commission meetings are public and are usually held at 9:00 a.m. on the second and fourth Wednesday of each month. They are held in Court Administration on the 5th floor of the Circuit Court Building in Conference Room “D”.

EXAMINATIONS

OPEN COMPETITIVE: All examinations authorized by the Civil Service Commission include one or more types of tests. The type of tests to be used in a given examination depends upon the qualifications for the position. The Macomb County Human Resources Department and Empco, Inc. administer the examinations. A member of the Civil Service Commission monitors oral interviews and written examinations.

Testing consists of outside written examinations to measure information or aptitude and oral interviews to evaluate personality and adaptability to the position being sought. A medical examination and psychological evaluation are important components of the testing process.

ERGOMETRICS DISPATCHER TESTING

The Ergometrics dispatch video testing system uses the latest technology to capture the multi-tasking aspect of emergency communications. This test consists of 38 multiple choice questions in which the applicants must listen and analyze important information, while taking notes, and decide the best way to respond to the situations. This video test shows scenes from a typical but fictitious emergency communications center and tests applicants' cognitive abilities such as their decision-making and multi-tasking skills.

In 2002, the Sheriff Department and Human Resources Department researched several testing options to determine the best testing system available. In December 2002, the Ergometrics dispatch test was given to the current dispatchers to determine the correlation between the material being tested and the essential functions of the Dispatcher position. After this validation study was completed, the Civil Service Commission implemented this test. The Dispatcher job description was revised as of March 13, 2003 to reflect the testing requirement changes.

Successful dispatcher applicants must have a minimum score of 25 words per minute on the general typing test and a passing score of 70% on the Ergometrics dispatch video test. Applicants who successfully meet the testing requirements are placed on a 2-year dispatcher eligibility list.

Below is a table showing the statistics for all Ergometrics testing administered in 2005.

No. of Applicants Tested	No. of Applicants Passed	No. of Applicants Failed	Percentage of Applicants that passed	Average scores of CallTaker Video Test	Average scores of CallTaker Notes Test	Average Combined Scores
58	43	15	74%	68.13%	78.09%	73.11%
This percentage rate is higher than expected average passing rates when using the CallTaker and Notes tests only.				This percentage is slightly higher than would be expected based on nationwide norms.	This percentage is slightly lower than would be expected based on nationwide norms.	Must have passing score of 70% or higher.

PROMOTIONAL TESTING

A departmental or promotional examination consists of a written examination and oral interviews. There are two oral interviews: one conducted by personnel from within the Sheriff Department and the second by law enforcement personnel from outside the Macomb County Sheriff Department jurisdiction. Michigan Municipal League Examination Services (MML) administered the written examinations until September 1, 2003. Michigan Municipal League notified Civil Service Commission on August 25, 2003 that they would no longer administer written examinations for promotional testing. The cost through MML was \$900 per test consisting of 150 questions. The new company, Empco, Inc., charges \$2100 per test consisting of only 100 questions and \$21 per question for all questions over 100. This brings the total cost for each test to \$3150. The Civil Service Commission and Empco reached an agreement that all promotional tests consisting of 150 questions would be charged at a flat rate of \$2600 per test for the 2004/2005 fiscal years. As a result of this change, the Civil Service Commission and Macomb County Clerk Carmella Sabaugh, will save the county approximately \$3850 over this two-year period.

An agreement was ratified on June 14, 2004 between the POLC – Command Officers bargaining unit and the County of Macomb with respect to Article 10 of the Collective Bargaining Agreement. The testing processes for promotion from Sergeant to Lieutenant and for promotion from Lieutenant to Captain have been eliminated. These promotions are to be made at the discretion of the Sheriff.

Effective October 12, 2005, the Civil Service Commission approved emailing of notifications to employees for promotional testing.
