

## Your Financial Health Matters

Macomb County Government Perks at Work is here to help with tax season this year.

Take advantage of negotiated employee pricing and tax savings tips to help make this tax season smooth and stress-free.

### Our tips for a stress-free tax season:

- ✓ **Start Filing Early:** We recommend familiarizing yourself with any changes on your 2020 taxes, and filing early in case any follow-ups or corrections need to be made.
- ✓ **File Online:** E-Filers will receive their refund 1 week earlier than paper-filers. File online to make sure you get your refund as soon as possible.
- ✓ **Use Tax Prep Software:** H&R Block and Turbo Tax are able to pull income information from online paystubs and bank statements, so you don't have to manually enter it.

Available through Macomb County Government Perks at Work:

**H&R BLOCK**
