

AMP UP YOUR **CAREER!**

AT FIAT CHRYSLER AUTOMOBILES

Help Build the Future of Manufacturing!

Are you ready to “earn as you learn” while launching a career in automotive manufacturing?

FCA’s Automotive Manufacturing Program (AMP) is a unique two-year co-op program with Macomb Community College created for aspiring Production Supervisors!

PROGRAM HIGHLIGHTS

Two-year paid co-op program where participants work one day per week as a Production Supervisor while earning their Associates Degree at Macomb Community College.

JOB OFFER POTENTIAL

Upon graduation, students who meet all requirements of the AMP program may be offered a full-time job as part of our Production Supervisor development program.

TUITION REIMBURSEMENT

Upon successful completion of the two-year development program, students would have the opportunity to receive reimbursement of up to 50% of tuition paid toward their earned Associates Degree.

Information sessions to be held at Macomb Community College 14500 Twelve Mile Rd. Warren, MI 48088
Building S 101 Auditorium: April 29th 2pm-3pm, April 30th 6pm-7pm

Launch your business and leadership skills with FCA.
