

Sheila "Molly" Bucci

October 1970 – August 2018

What I can say about Sheila "Molly" Bucci? It's hard to find the words but here goes...

Molly came blazing into the Friend of the Court (FOC) office in June of 2006 with enthusiasm and a huge presence. Although Molly's position as an Attorney - Judicial Service Officer entailed a serious subject matter, she embraced her responsibilities with grace, patience and respect for each litigant that came before her. Each day Molly was energized and ready with a smile to assist the litigants of Macomb County.

Over the years, Molly helped thousands of litigants resolve difficult issues involving parenting time and child support – not an easy task. Molly loved her job and it showed. She was dedicated to public service and allowed her outgoing and fun attitude to bring an aura of joy to FOC.

The lights of Molly's life were her husband, Aaron and their three amazing children, twins - Natalie & Jacob, and Caleb, all of whom have grown into incredible adults. Molly's next love was for horses, which she developed at a young age. This tradition has continued with her beautiful daughter, Natalie, and through her connection with the Black River Farm and Ranch.

What people will most miss about Molly is her infectious laugh (it could heard throughout the office), her "devilish" sense of humor (she loved a practical joke), her positive attitude towards life and her strength during her struggle with cancer.

During the last year of her life, Molly exemplified the type of courage, empathy and fortitude that is enviable. Molly was loved by many and will be sorely missed.
