Re: Beat the Flu!

We apologize for the late notice, but once again, we want to provide opportunities for our team to get the flu shot. Please see the flyer below for times and dates. You could get a shot as soon as today!

Hope you are all doing well as fall seems like it's about to arrive.

Take care.

Beat the Flu! On-Site Flu Shot Clinics

Healthstyles and Macomb County Health Department are sponsoring flu clinics for Macomb County employees again this Fall. Vaccinations will be administered by Registered Nurses from the Macomb County Health Department Immunization Program.

Employees with Macomb County sponsored HAP, BCN, or BCBS PPO — you must enter your insurance information when you register for your appointment online. If you have insurance offered through Macomb County the flu shot is covered at no cost. Employees, contract staff, and retirees without Macomb County insurance or any other form of insurance can pay out of pocket for the flu shot— cost is \$20 (cash or check only). If paying by cash, be sure to bring the exact amount with you to your appointment. The Health Department Staff will not be able to provide change on-site.

Vaccinations are available by Appointment ONLY this year

Register for your appointment online: <https://form.iotform.com/212566756328060>

*Please note, the vaccine is administered in the upper arm, so wear short sleeves or clothing that allows for easy exposure of your upper arm/shoulder. **Face Masks are Required.**

CLINIC LOCATIONS
