Networking event to connect metro Detroit organizations

The Commonwealth Collaborative will host an event to connect organizations from across metro Detroit. Targeted participants include coalitions, cultural groups, social service organizations, health care organizations, support groups, educational and vocational groups, civic clubs as well as faith-based and spiritual organizations.

Organizational Speed Networking will provide an opportunity for groups to gather to network and explore new partnership opportunities.

“This event is for organizations across the metro region that are interested in bridging diverse service worlds, making connections to resources that will benefit the people they serve, and to identify new populations who need their services and activities,” said Amy Smolski, administrator for the Commonwealth Collaborative and co-organizer of the event.

Organizers stress that the event is for those looking to connect their organization with other organizations, rather than those selling specific services.

The free event will be held from 9-11:30 a.m. on Tuesday, March 13 in Room 100B at the Macomb Intermediate School District located at 44001 Garfield Rd in Clinton Township, Michigan. A continental breakfast will be served at 8:30 a.m. Attendees are encouraged to bring business cards, brochures and other informational materials about their organizations

Pre-registration by March 12 is requested. A link to the event can be found:
