**GENERAL INFORMATION**

If a project is not completed in the time specified, the permit must be renewed BEFORE it expires.

If you fail to renew your permit before it expires a stop work order will be issued and additional fees will apply.

A permit will not be considered final until the site is stabilized (fully vegetated). If the site is seeded the site must have 90% vegetative growth of at least 3 inches height.

Projects starting before a permit is issued will be assessed double fees for its permit category.
