Re: Soil Erosion Control Permit No. _____
Description of property to be transferred _____

This notice is given pursuant to the requirements of state law governing the Soil Erosion and Sedimentation Control Statute, Section 9112(5) of Part 91, Natural Resources and Environmental Protection Act, Act 451 of Public Acts of 1994.

The parcel of land you are purchasing is subject to the above referenced permit issued by the Soil Erosion Control Division of the Office of Macomb County Public Works Commissioner. A copy of the permit and approved plans are enclosed.

When the property is transferred to you, the permit will be transferred to your name and you will be responsible for complying with all permit obligations and conditions. You will also be responsible for any violations of the permit that exist on the date the property is transferred. A new permit and plan may be required if the earth change or terms of the original permit are modified.

You are requested to acknowledge receipt of this notice and concurrence with its terms by signing below and mailing the notice back to me at the following address:

Mail to Transferor:

Name _____
Address _____
Phone _____ Email _____

Transferee:

Sign Name _____ Date _____
Print Name _____

Sign Name _____ Date _____
Print Name _____

The signed notice must be submitted by the transferor to the Soil Erosion Control Division of Macomb County Public Works Commissioner's Office before the property is transferred.

This form fulfills the notice requirements regarding the transfer of a Soil Erosion and Sedimentation Control permit obligations only. It does not address requirements that may exist for other federal, state, county or local permits associated with the property.
