PPSR IS IN BALANCE

### Taxable Value Balance Summary

#### MACOMB COUNTY

The total taxable value of 1) townships and cities, 2) local school districts, and 3) ISDs should all balance back to the county. Below is a summation of the values entered on the subsequent worksheets. The text box in the top left-hand corner will indicate if a total does not balance back to the county. If a total does not balance back to the county, correct the error in the relevant worksheet.

2013	Ad Valorem Roll		IFT Roll			Personal Property Reclassification Part A	Total Taxable Value
	Commercial Personal Property	Industrial Personal Property	1/2 of the Total IFT New Facility Personal Property TV where the Land is Classified as Commercial Real	1/2 of the Total IFT New Facility Personal Property TV where the Land is Classified as Industrial Real	Taxable Value of IFT Replacement/Rehabilitation Personal Property

NO VOC ED EXCLUSIONS IN MACOMB COUNTY

**2018 Personal Property Summary Report (PPSR)  
For 2018 Millage Rate and Personal Property Tax Reimbursement Calculations**

**All submissions must be in Excel format.**

The 2018 Personal Property Summary Report is to be used by the county for reporting taxable values for each municipality in the county.

Please complete the following worksheets:

*Worksheet 1* : PP Values - Co|Twp|City|Vlg

*Worksheet 2* : PP Values - School Districts

*Worksheet 3* : PP Values - ISDs & CCs

*Worksheet 4* : PP Values - Adtl Authorites

An additional worksheet, "*Worksheet 5* : PP Values - ISD (Voc Ed)," may also require reporting. This worksheet is applicable to counties in which at least one intermediate school district does not levy a vocational education millage in all of its school districts. **For *Worksheet 5*, only record the taxable values subject to vocational education millage.**

**Instructions**

- 1) Review for accuracy the pre-populated data in columns A through E of each worksheet. If a municipality is omitted from the PPSR, please contact Treasury (contact information below instructions) so that a revised copy of the PPSR can be rendered and returned for completion.
- 2) Please review 2013 values in columns F through J of each worksheet.\* All reported taxable values in columns F through M should include any Renaissance Zone or MCL 211.7d property values for the requested classifications. For township taxable value calculations, make sure township taxable values include the taxable values of all villages within the township.

**Personal Property Boundary Change - Part A**

For any personal property that was assessed in 2013 as commercial personal property or industrial personal property in a municipality other than the one in which it is assessed in 2018, adjust the pre-populated 2013 taxable value totals accordingly and record the adjustments to the 2013 taxable value of the affected municipalities in column L.

**Personal Property Reclassification - Part A**

For any personal property that was assessed in 2013 as commercial personal property or industrial personal property, but in 2018 is assessed as real property or utility personal property, exclude the property's 2013 taxable value from the totals and provide the 2013 taxable value of the property in column M.

- 3) Please report 2018 values, in columns N through R of each worksheet, with the most current values available.\* All reported taxable values in columns N through T should include any Renaissance Zone or MCL 211.7d property values for the requested classifications. For township taxable value calculations, make sure township taxable values include the taxable values of all villages within the township.

**Personal Property Reclassification - Part B**

For any personal property that was assessed in 2013 as real property or utility personal property, but in 2018 is assessed as commercial personal property or industrial personal property, exclude the property's 2018 taxable value from the totals and provide the 2018 taxable value of the property in column T.

- 4) Check the Balance Summary tab to ensure the submitted taxable values balance. The county totals should equal the subtotals for townships & cities, for K12 local school districts, and for ISDs. If all of the subtotals equal the county totals, then in the top left-hand corner a text box will read **PPSR IS IN BALANCE**. Do not submit the PPSR if this text box reads **PPSR IS NOT IN BALANCE**.

\* For inter-county municipalities (municipalities that exist in multiple counties), only report the municipalities' taxable values within the county. The county populated in column E is the county responsible for calculating the millage reduction fraction (MRF); it is also responsible for compiling the total taxable values of the inter-county municipalities. The compiled taxable values for inter-county municipalities will be reported to Treasury on the Personal Property Inter-County Summary Report.

- 5) Certification

*In accordance with 2014 Public Act 86, the County Equalization Director hereby certifies to Treasury that the reported taxable values are complete and accurate.*

**Submissions**

Please submit this Excel file by May 31, 2018 to:

Treasury at [TreasORTAPPT@michigan.gov](mailto:TreasORTAPPT@michigan.gov)

**AND**

County(ies) indicated in columns E who are responsible for the IC calculation

Provide the PP Value Loss Summary worksheet to each municipality in the county.

**Questions**

If you have any questions about this workbook, contact Treasury's Revenue Sharing and Grants Division at 517-373-2697 or [TreasORTAPPT@michigan.gov](mailto:TreasORTAPPT@michigan.gov).

Thank you in advance for your cooperation. Most debt millage calculations cannot be completed for the July 2018 billing until the calculations required by this workbook are provided.
