#### General Information

If a permit is not completed in the time specified, the permit must be renewed BEFORE it expires.

If a permit expires before the project is completed, a stop work order will be issued and additional fees will apply.

A permit will not be considered final until the site is stabilized. If the site is seeded, the site must have 90% vegetative growth of at least 3 inches.

Projects starting before a permit is issued will be assessed double fees for their permit category.
