Two Macomb County Morgue Employees Arrested on Drug Charges

Mt. Clemens, MI -Today, two former Macomb County employees were arrested in connection with drugs being stolen from the Macomb County Medical Examiner's Office. Both defendants have been dismissed from the medical examiner's office.

It is alleged that Jocelyn Fetting, 32-years-old, took drugs from the medical examiner's office with intent to sell them. Fetting is being charged with conspiracy with intent to deliver (7 year felony), delivery of suboxone (7 year felony), delivery of adderall (7 year felony) and larceny of a building (4 year felony).

It is alleged that Jacob Kettlewell, 50-years-old, took an occasional pill from the medical examiner's office and consumed it. Kettlewell is being charged with larceny (93 day misdemeanor) and use of a controlled substance (1 year misdemeanor).

"The Macomb County Prosecutor's Office does not investigate and does not try cases in the media. Now that the investigation is complete, the appropriate charges have been brought against the two former medical examiner's employees," said Macomb County Prosecutor Peter J. Lucido.

Today, both defendants were arrested in front of Magistrate Ryan Zemke in 41B District Court. Zemke set a \$5,000 personal bond for both defendants. The next court date is May 9, 2023.

The Macomb County Prosecutor's office represents the people. We are committed to achieving justice and following the laws of the State of Michigan. All that are accused of a crime are presumed innocent until proven guilty in a court of law.
